

After 20 Years in the Army Serving my country, and protecting all the rights and freedoms we have in America. I cannot sit back and watch you take away a single freedom I worked so hard to defend. Tell Mike Powell He and I worked side by side for these freedoms in Germany, so if he believes in what we were there for then he will make the right decision and reject the NAB's petition 04-160. This is a service that I pay for monthly at my own FREE Will, if you were to come to Mobile and listen to the things that are said and done on the local radio stations you would understand that I should be given the choice to maintain my current XM service, without any backward changes. Thanks for your time.
